Roles & Responsibilities - Security Model

- Every person with an HUID can:
  - Create a study (on behalf of someone else)
  - View studies on which they are listed as study staff, guest, or primary contact
- Additional access options include:
  - Department reviewers or viewers
    - See active projects in their department
    - Reviewers are able to issue Department approval
  - IRB Directors
    - See all active projects under the IRB
    - Complete review activities and other actions that move an application back and forth through a workflow
  - Board Members
    - See all active projects under the IRB
    - Complete review activities.
- To request additional access, contact your IRB or estrhelp@harvard.edu
